

# **fauquierfish.org Food for Fuel Program**

**DID YOU  
KNOW** 

**You can get food assistance during the cold winter months to help you put more money towards your utility bills?**

Here's how it works:

- Visit the Food Pantry during business hours\*
  - Complete a registration
  - Bring your utility bill and a photo ID
- Get information and referrals for utility bill help

The Food Pantry is open 3 times a week. Visit up to 6 times over a two month period.  
Extra milk, cereal and snacks are available for families with children

## **How does this help?**

At each visit to the Food Pantry you will leave with \$100 worth of groceries, a big savings on your food budget.

It's a retail value of up to \$600 over the course of two months.

**That makes a difference.**

**This program is designed to help you to allocate more of your own money for utility bills while seeking assistance from partnering organizations for bill payments**
