

# Fauquier FISH Book Bag & School Supply Program School Supply Lists

## J G Brumfield Preschool

- **1 Backpack**
- **1 reusable water bottle**

JGB preschool parents are only asked to provide their child with a backpack and water bottle; however, these children see older siblings go off to school on the first morning with backpacks full of supplies.

To prepare them for future success, FISH's goal is to ensure these 3-, 4- and 5-year-olds experience this same thrill. If you chose, or have been assigned a JGB preschool student below are some suggested items that will prepare the child for the exciting journey into learning.
